

— COMPANY SHOWCASE

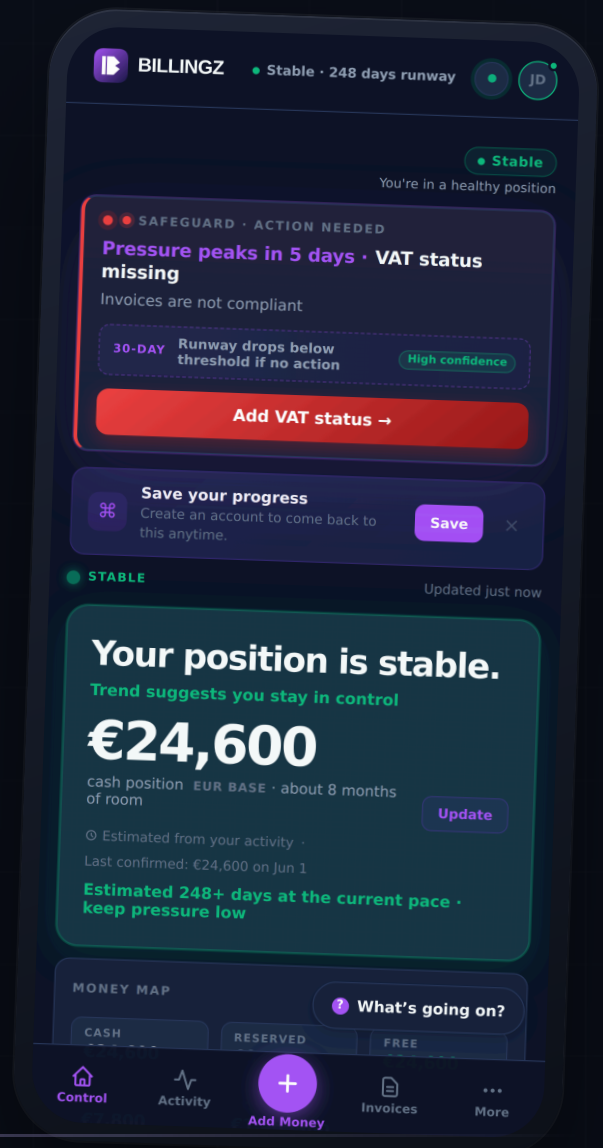

Control your business. Operate with clarity.

The financial control system for European freelancers and micro-businesses. One clear picture of where you stand, and what to do next.

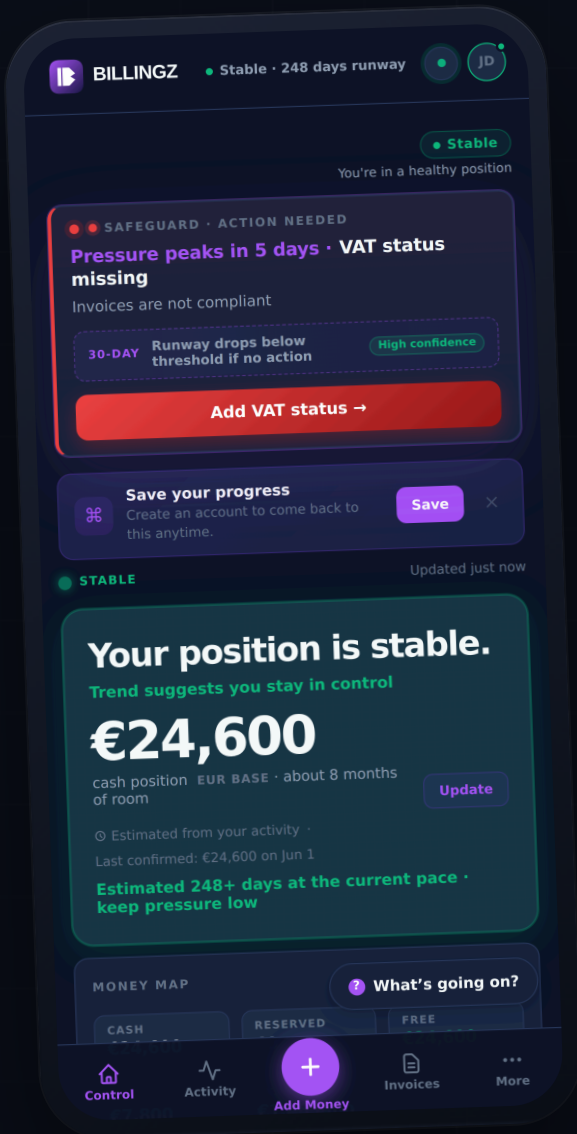

Sofia, Bulgaria

EU SaaS

Pre-seed · 2026

Your whole business, in one clear screen.

● STABLE

The Control screen answers the only question that matters: **where do I stand right now?**

POSITION

Real cash, runway, and what is truly yours to spend, live.

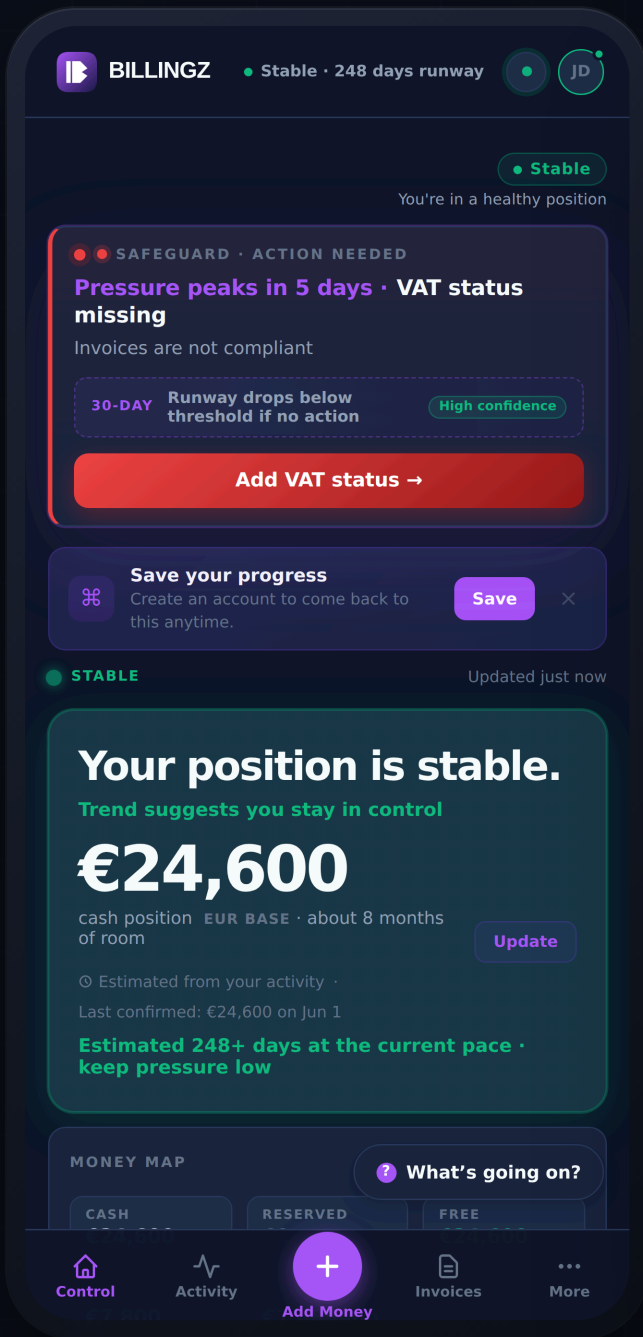

PRESSURE

SafeGuard surfaces the next risk before it becomes a problem.

ACTION

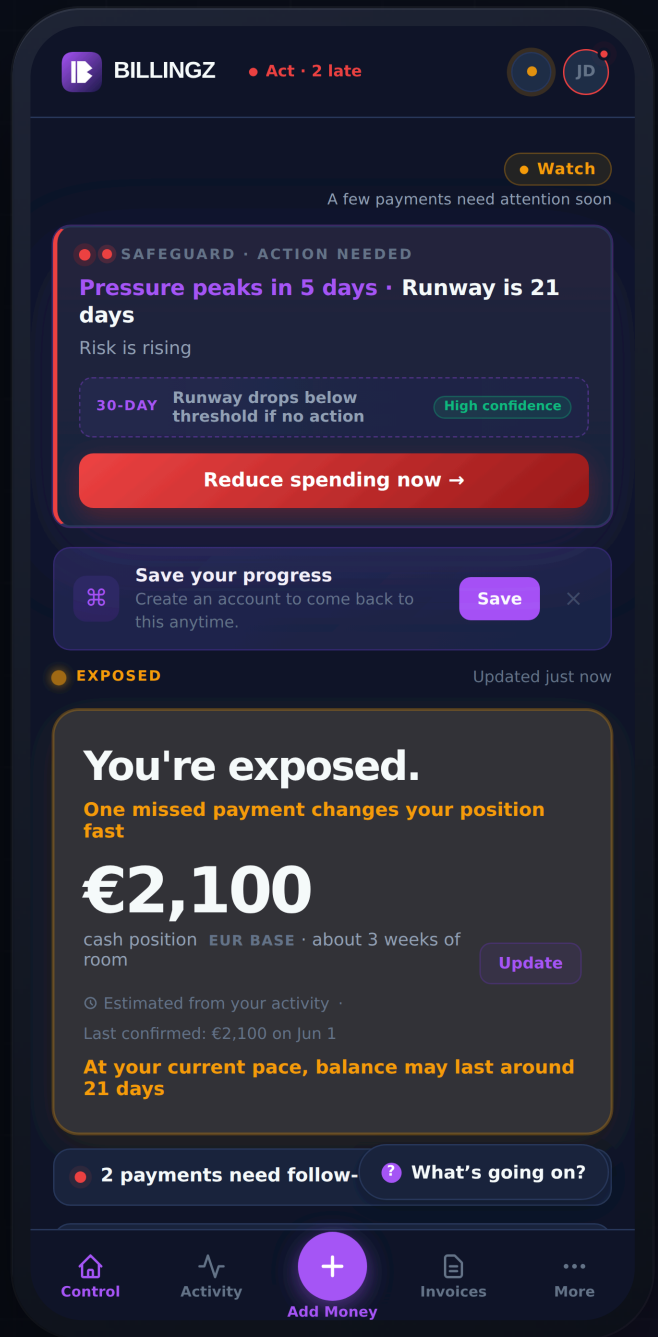

One clear next step, only when it actually changes something.

It tells you when you are **safe** and when to **act**.

● STABLE · 248 DAYS

Calm. The system confirms you can keep going.

● ACTION NEEDED

Clear. One action to take, before pressure peaks.

Send a clean, compliant invoice in seconds.

Every invoice carries what EU rules require, with VAT, bank details, and a payment QR built in. No templates to fight, no fields to guess.

COMPLIANT BY DEFAULT

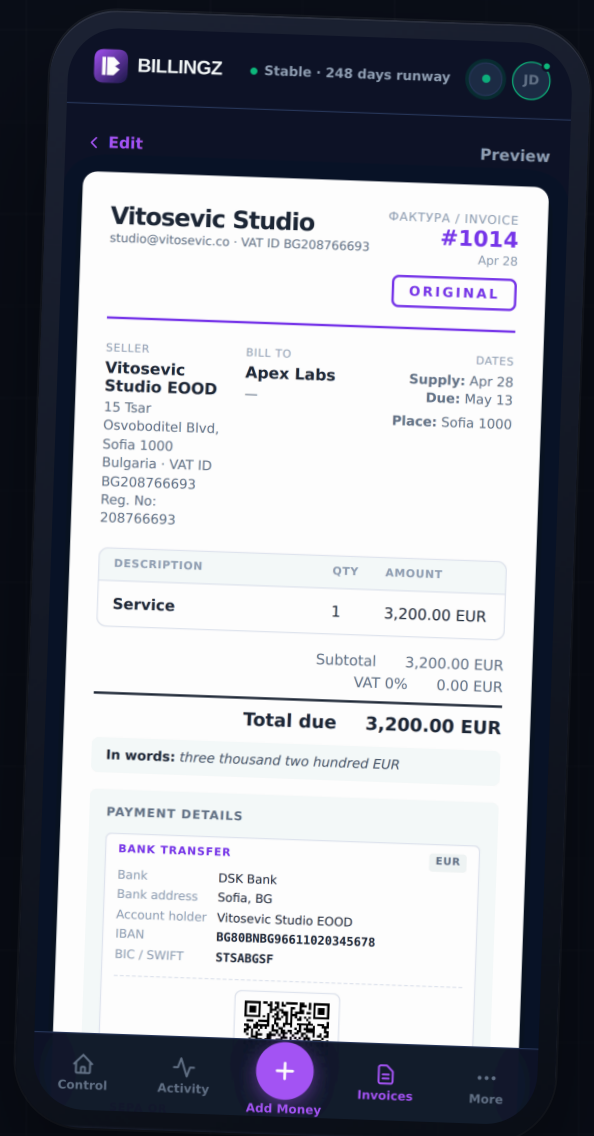

Country-specific required fields are built in and checked before send.

GET PAID FASTER

Bank details and a scan-to-pay QR on every document.

TRACKED END TO END

Created, sent, overdue, paid, with reminders when it matters.

Built by an operator, not theorists.

Billingz was founded by Dr. Radovan Vitosevic, an international business operator with experience across finance, sales, and multi-market operations, on a simple belief: small businesses do not need more complexity. They need clarity and control.
