Recurring income

A real, working product

An overlooked market

• THE OPPORTUNITY

Your audience already has this problem.

Independent professionals, freelancers, and micro-businesses face the same uncertainty every month. Clients pay late. Cashflow is unclear. No tool tells them how long their money actually lasts.

You already have their trust. Billingz gives you something genuinely useful to bring them.

"Did that client ever pay me?"

"Is this money mine, or the taxman's?"

"How long does my money last?"

• THE MARKET

Tens of millions need this. Almost none have it yet.

The people Billingz serves are not a niche. They are the structural majority of the economy, in the EU and worldwide.

Each one faces the same question Billingz answers. Your ceiling is not the size of the audience, it is how many you choose to reach.

• WHAT BILLINGZ IS

Not invoicing software. The layer above it.

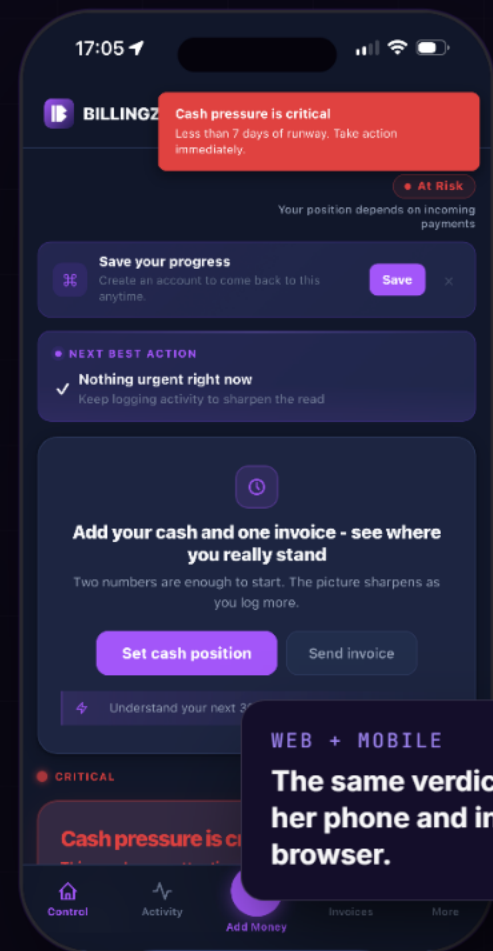

Billingz answers one question no invoicing or expense app answers: **how long am I financially safe**. It reads your real numbers and shows a clear runway verdict, in plain language, with the next action.

IT IS

- A financial control and visibility system
- A web and mobile app
- Runway, signals, and what to do next

IT IS NOT

- An accounting system
- A bank
- A bookkeeping service
- A replacement for an accountant

• WHAT YOU'RE RECOMMENDING

- WHY PARTNER WITH US

Why this is worth your name.

A real, working product

People use it today, on web and mobile. There is a free tier, so there is nothing to sell up front.

Founder-led, and reachable

A company you can speak to directly, not a faceless platform.

An audience that needs it

Independents who genuinely struggle with this problem.

Early-partner exclusivity and support

You associate your reputation with a tool that helps people, not a scheme.

• WHAT THIS IS, AND WHAT IT IS NOT

A partner program. Nothing more, nothing less.

- ✓ A straightforward, single-layer partner program. You refer, you earn on what you refer. That is all.
- ✗ This is not network marketing and not an MLM. There are no downlines, no recruitment of other partners, no multi-level structure, and no buy-in.
- ✓ Each customer is credited to exactly one partner, locked at signup. No splitting, no sub-partners, no disputes.
- ✓ Every partner signs a formal agreement and receives onboarding and training from the official Billingz sales manager.
- ✓ You earn only from real, paying customers you refer. Nothing else.

Billingz is operated by Billingz EOOD, a registered company, and protected by EU Trademark No. 019289324. Founder-led, with a named sales manager for every partner.

• HOW IT WORKS

Three steps.

01

Share your link

Each partner gets a unique tracked link. The first link a person uses is locked to you at signup, permanently.

02

They start using Billingz

Free to begin. Many move to a paid plan as they come to rely on it.

03

You earn

Recurring commission on every paying customer you brought, for as long as they stay subscribed and your agreement is active.

↳ Tracked link → locked at signup → recurring while your agreement is active

Your link can carry a discount for your audience

An optional offer makes your recommendation easy to say yes to. It never reduces your commission.

• WHAT YOU EARN

Recurring, not one-off.

Starts at 25% recurring commission, rising with your active customers. Paid every month they keep paying.

Calculated on **net revenue**, after VAT and processing fees.

Paid monthly, by the 15th of the following month. Minimum payout 25 EUR; smaller balances roll forward.

Commission follows the money. If a customer cancels, the paid month still counts. If a payment is refunded, that commission reverses.

Attribution is permanent. A customer credited to you stays yours for as long as they pay, not just for 12 months.

Annual plans pay the full year's commission in the month purchased, held until the refund window passes, then released. Refunds reverse only the refunded portion.

Disclaimer: Figures are illustrative examples, not a guarantee of earnings. Actual commission depends on the number of customers you refer, their chosen plan, and how long they remain subscribed.

FROM ANNUAL PLANS

Monthly customers pay you a steady amount every month. Annual customers pay the whole year at once, so an annual sale lands as one larger payout that month, then renews.

The left sidebar contains a menu with **Dashboard** (selected), **Assets & link**, **Commission Terms**, and **Statements**. The main content area is titled **Your dashboard** and includes a warning: "You see only your own results. Customer identities and Billingz internal data are never shown." Below this are four key metrics: **Commission This Month** (€21.00, 8 active customers), **Total Earned** (€164 since Apr 2026), **Pending Payout** (€21.00 by 15 Jul), and **Your Rate** (25% recurring). A **Your referrals** table shows 22 signed up, 8 active & paying, 9 in free/trial period, and 5 churned. A **Commission - last 6 months** bar chart shows a steady increase from Jan to Jun. A note at the bottom states: "Note - Commission is paid on the 8 active-paying customers. As trial users convert, your commission grows automatically." The footer identifies the partner as **Nova Marketing Ltd**.

It is not network marketing and not a multi-level arrangement: no downlines, no recruitment of other partners, no entry fees. Billingz is a software (SaaS) company, not a bank or financial institution, and does not provide financial products, financial services, or financial, tax, or legal advice. Participation is subject to a signed partner agreement and the Billingz Partners Commission Terms. Commission is paid only on verified, active paid subscriptions.
