

• PARTNERSHIP GUIDE

Partner with Billingz.

Supporting independent businesses toward
financial clarity.

- Together we can give small businesses something they rarely have: clarity.

- WHY WE'RE TALKING TO YOU

You already work with the businesses we built **Billingz** for.

Whether you are an accountant, consultant, agency, startup hub, business association, or entrepreneur community, the members and clients you support already struggle with the same financial questions.

Billingz answers them.

You have the trust

They have the problem

Billingz has the answer

• THE PROBLEM YOUR
CLIENTS FACE

The questions you hear every day.

These are not accounting questions.
They are operational questions, and they
come up long before the numbers reach
your desk.

"Have they paid me?"

"Can I afford this?"

"How much of this money is actually mine?"

"Why is there never enough cash?"

"Do I need to worry this month?"

• WHERE BILLINGZ FITS

Billingz doesn't replace you.

Billingz isn't designed to replace accountants or advisors. It gives them and their clients a shared source of financial clarity.
